WANTED TO KNOW.—An eccentric English nobleman once lighted a bonfire in his park, and walked through it to get a foretaste of hell, and try what it felt like.

An old lady, reading the account of a distinguished lawyer, who was said to be the father of the New York bar, exclaimed: "Poor man! he had a dreadful set of children."

A Southern paper contains an editorial apology for "a cursed chirography, as undecipherable as the hieroglyphics found upon the sarcophagus of a mummy of ante-pyramidal sepulture."

The Philadelphia Age says that Gen. Grant stands stripped and naked before the public gaze. No, he is clothed with treachery as a garment. It is a thick and well-fitting suit, and we presume that he wants no other.

COST OF THE ARMY.—It is authoritatively stated, says the Cincinnati Enquirer, that every soldier in the U. S. army costs the Government \$2,000 per annum, or \$200,000,000 for our army of 60,000.

U. S. SECURITIES.—The Controller of the Currency has information that 300 savings' banks, in the New England States and New York, having 1,017,000 depositors, have \$1,000,000 of United States bonds, and \$15,000,000 of National Bank stock as investments.

A New York eclogue was detailed in 1864, as safeguard to a Virginia farmer, with orders to remain until relieved. He was forgotten at the close of the war, but nanfully stuck to his post, and now proposes to draw his full pay up to this time.

The negroes of Florida ought to satisfy the Mongrel Rump. They have nominated a State Prison bird, with one ear cropped off, for Governor; have nominated a black rascal for Lieutenant Governor, and also a negro for Congress. This ought also to be evidence to the Tribune that the "world moves."

Speaking of the coldness of the late winter, a Yankee milk dealer said: "I live four miles west of the city, and it was so cold this morning when I went out to milk that the stream froze from the cow to the pail, and I was obliged to sell it by the yard."

Little things sometimes produce great results. A drop of water a little frosted will explode the mammoth rock in train, a match will fire a whole city, and a little bodybudy gossip of a woman with a little tongue and no brain will set whole neighborhood by the ears.

An old Marquesan Chief, on being told by a missionary that in heaven there was no war, or anger, or thirst, or sickness or death, replied: "That will be a good place for cowards and lazy folks; who are afraid to fight and too lazy to climb breadfruit and coconut trees."

A story is told of a young man who was crossed in love, and attempted suicide by swallowing a box of yeast powder. He immediately rose above his troubles. This is not quite equal to the young man who swallowed a box of rat exterminator, and immediately went in to his hole, and left the hole sticking out four or five feet.

A New Way to Quiet a Bant.—We learn that a few days since a lady had occasion to go into the basement of her house to attend to some duty, and left her baby, a few months old, in charge of a young girl, in the upper part of the house. The youngster got fretful, and to please it, the girl tied it to a sheet, let it out of the window, three stories from the ground, and when seen, was amusing it by raising it up and letting it down in the sheet, which she held by her hands inside. The performance was discovered by some of the neighbors, who were not long in putting a stop to it.

NOT AS MUCH.—The girl who sang: "Oh, Charley is my darling!" saw him one night with another feminine, and don't sing it so much as she did.

STATES PRISON MATTERS.—Governor Haight ably seconded by Lieut. Gov. Holden, is fast weeding out the abuses at the State Prison. On taking charge of that institution they found the convict labor farmed out for a long period at very low figures; at once the contracts were set aside and new ones entered into that will increase the revenue from that source alone more than fifty thousand dollars per annum and do much toward making the prison self-supporting. Under the late administration of affairs, there was no discipline whatever, games of faro and monte were openly doted by prisoners and the grossest abuses of every kind prevailed. A system of prison discipline has been adopted by the present powers that be, that will make the institution, not a school for crime, but what it was intended to be, a place of punishment.

THE WASHOE CANARY.—It is said that the Hon. Wm. M. Stewart of Nevada, had a large sum staked on the impeachment of the President; by telegram we are informed that after the decisive vote was taken, Stewart, standing on the steps of the Capitol was bewailing his fate and cursing the hour that he staked his money on the way a radical would vote wound up with the exclamation that he had but little money left but what he had, "he would go five to one that he was the biggest fool in Congress." After repeating the assertion several times, a man standing on the steps immediately below, looked up and with his port-monnie in his hand, said, "Hallo! stranger, I'll take that bet provided your name is not Bill Stewart."

BURIALS.—A dispatch from Boston, dated May 19th, says:

The tomb in the old burying ground at Danvers, holding the remains of the Putnam family for generations, was broken into by some parties, who stole the silver plates from the coffins, broke the coffins open, and took the skeletons of the dead and said them to a bone maker.

Stole the silver plates from the coffins! Ben Butler's been about, sure. Unless he can prove an alibi clearly and incontrovertibly, his conviction says the Examiner, is inevitable. This was a favorite dodge of Butler in New Orleans. Hundreds of graves were invaded and desecrated by his orders, under the pretext of looking for concealed spoils, etc.

SIGNATURE.—All the Copperhead papers publish at the head of their editorial columns a list of Presidential Electors. Who are they to elect?—M'ville Appeal. They are to and will elect the next President of these United States, and he will be the man nominated for that position by the National Democratic Convention which meets in New York on the 4th day of next July. Any further questions to ask Mr. Appeal?

GRANT.—Theodore Tilton, editor of the New York Independent, asks: "Is there no way to break Grant of drinking and smoking at such a disgraceful rate?" A confirmed drunkard is an unpleasant person for a candidate for the Presidency.

THE OROVILLE AND VIRGINIA CITY R. R. COMPANY.

The Act of Congress of 1862 granting aid and subsidies to the Union Pacific Railroad, gives that company the right to run their road to the western boundary line of the Territory of Nevada, and the same Act gives to any other railroad corporation then formed or thereafter to be formed, the right to connect with them on such terms as the President of the United States may prescribe. The Oroville and Virginia City Railroad Company have the right to build their road to the western boundary line of Nevada, and there connect with the Union Pacific Road on as good terms as the Central Pacific have, and can it be doubted for one moment that the Union Pacific Co. would not connect with the O. & V. C. R. R. Co. in preference to connecting with a road running over the tops of the Sierra Nevada Mountains.

Now, could the Central Pacific control the franchise held by the Oroville and Virginia City Railroad Company, they would have it in their power to prevent the building of the road and force the Union Pacific Company—who have no power to build any road within the State of California—to connect with them. As this appears to be an era of doubt, and we wish to give the evidence of what we assert, we refer our readers and the opponents of the O. & V. C. R. R. Co., to the Statutes at Large of the United States for the year 1862, page 489, where the facts stated by us may be verified.

How vital then, is it to the interests of the State of California, and especially to the interests of the county of Plumas that the franchise should remain in the hands of those whose interests it is to build the road, instead of passing into the hands of a company to whom the power to force the Union Pacific Road to connect with them would alone be worth millions. It was in view of all these facts that our Board of Supervisors instructed the District Attorney of Plumas county to proceed by *Quo Warranto* in an attempt to destroy the O. & V. C. R. R. Co. It was in view of these facts that the District Attorney acting on that order which he well knew was in violation of the interests of our county, left this town at the dead hour of night, assigning as his reason therefor that he wished to reach the Attorney General before the company could lay the facts before him. It was in view of these facts that the same District Attorney inquired of certain parties if they could not prevail upon the Central Pacific Railroad Company to aid them (the clique) in their base efforts. And it was in view of all these facts and the apparent action of the people of our county (we say apparent, for the Board of Supervisors legally speak for the county) that the company have come forward and nobly answered the demand of our people, made in their sovereign capacity, and said that though wronged in the franchise, that though the pendency of a writ of *quo warranto* would thwart them in their intention to commence work at once—for no one would contract with a corporation whose existence was attacked by the State—yet with the full knowledge that they could successfully defend any suit that might be commenced against them—they will for our sakes and for the interests of northern California, prove true to the great trust they hold in their hands. They have hitherto offered to the people of Plumas county, guarantees sufficient of their good intentions in this matter, but the guarantee offered by their last act of fealty to the county when basely attacked by the legal power of that county in an unfortunate hour lodged in the hands of men unworthy to wield it, is a guarantee above all others that will in time be appreciated by all citizens who desire to see a railroad built on the Feather River route.

They will law and probably beat the State, they will eventually cause the road to be built, but never will they so far forget the respect they owe to themselves as men of honor, as under any circumstances to beg in any shape the aid of Plumas county. At the meeting held on Saturday last, Hon. J. D. Goodwin, as President of the Company, pledged the faith of said corporation, that they would never attempt so long as the present stockholders had the management of the company, to force Plumas county to issue the bonds, and Creed Raymond, Esq., one of the directors, made the same pledge. We know that such is their intention. The action of the county has compelled them to change their plans in regard to commencing work upon the road at once, and opening their books for subscriptions to the capital stock. The threatened suit against them has compelled them to make other arrangements for the present, and as will be soon proven to the citizens of Plumas county, the Bond Act, so far as the company is concerned will to all effect and purpose be a dead law upon the

Statutes, and it is more than probable that under the arrangement now being made, they will prefer that the county shall not subscribe for the \$230,000 worth of stock as required by that law. The only question now before the people of Plumas county in regard to the subject is this: Will the citizens of Plumas county desire to aid in the building of a railroad through Beckworth Pass when they are assured beyond a shadow of a doubt that the road will be built, and that in a stated time? We intended to refer to, and publish the propositions which the company intended to offer to the Supervisors had they met according to agreement before resigning, but as there is no question at issue in reference to the issuing of the bonds except at the instance of the county, we shall let that matter pass for the present. We will assure our citizens, however, that it is not the intention of the company to pass their franchise to foreign corporations who are hostile to the route or who are interested in closing it up. Even if the present suit against them was not pending, they would after the action of the Supervisors, be unwilling to open their subscription books until they were sure that a majority of the stock would be taken by parties interested in the route, and, although they can at any time command sufficient means to build certain sections of the road, it would be folly for them to commence work upon it if they were not certain of carrying it through and still retain their interest in the company. They would be foolish indeed to proceed in such a manner as would involve them and finally result in allowing such a monied monopoly as the Central Pacific to not only destroy their pecuniary interests in the enterprise, but to delay its completion to a remote period. We honestly believe, (and having good reasons for our belief,) that notwithstanding we were opposed to so doing—if the county had issued the bonds according to the requirements of the law, the company would have commenced grading upon the road on the 4th of July next, and that in two years from that time the cars would have been running to American Valley. It may be possible that such will yet be the case. We hope that it will.

JUDGE VAN CLIFF'S OPINION.—Nearly the whole of Judge Van Cliff's opinion on the bond question as published in the last week's National is to the effect that neither the County or Railroad Company have any right to change the requirements of the law, or to use his own words, "to pay less, or at a later date, or on new and different conditions" than the act itself requires. We were surprised to see such a long rignarole of legal learning on that question come from a man of Judge Van Cliff's standing. He, or some one else for him, erected a straw man for the sole purpose of hitting him square between the "peepers" and knocking him over. No one has for a moment supposed that any party, person or company had any right to change the law. It was expected that the county would comply with the requirements of the act—subscribe for the stock and issue the bonds—but the question in regard to the legality of a compromise, was this under sections 4 and 13 of the R. R. Corporation Law, could not the Company have ordered the Plumas County subscription to be received upon condition that the \$150,000 of stock should be paid in installments of 10 per cent, to be levied as the road is built? In regard to the \$80,000 issue, would not the Company have the right to deposit those bonds after they are issued to them, as a guarantee to the county or any other interested parties, for the performance of any portion of the work? or can not the Company make an actual donation of the whole amount in aid of any work directly or remotely connected with its enterprise? These are the questions which should have been discussed, not as to the power of the Board of Supervisors or the Company to deviate from the law, which no one ever contended they had the right to do. From reading the opinion of Judge Van Cliff, we were forced to the belief that in stating the proposition to him, the parties who asked his advice, purposely avoided asking him his opinion upon the legality of a compromise such as was proposed, and such as we yet believe could have legally been effected if the Supervisors had been disposed to do so. As matters now stand it makes no difference whether a compromise could have been effected or not, and we have referred to the opinion of Judge Van Cliff for the sole purpose of showing that it was no opinion at all, so far as the legality of a compromise was concerned.

RACES AT LA PORTE.—The S. F. Spirit of the Times, speaking of the Second Annual Meeting of the La Porte Jockey Club, says: The meeting of this Club last year was one of the most brilliant, in every respect, ever held in the State, and this one will be equal to, if not an improvement on that. Two thousand dollars will be given in purses, divided as follows: On the first day, a purse of \$500, free for all running horses, mile heats, three in five; second day, a purse of \$800, for a running race, free for all three year olds, mile heats; third day, trotting race, for a purse of \$300, free for all trotters that have never beaten 2:30, mile heats, three in five; same day, running race for a purse of \$100, free for all two-year olds, single dash of one mile; fourth day, running race for a purse of \$500, free for all, two miles and repeat; fifth day, running race, for a purse of \$200, free for all horses beaten during the meeting, mile heats, three in five; the first horse to receive \$200, and the second horse \$100. All these races are to be governed by the State Rules. Three or more to enter and two or more to start; entrance ten per cent. That this meeting will be a successful one, there cannot be a doubt.

TELEGRAPHIC SUMMARY.

The National Union Radical Republican Convention met at Chicago on the 20th. Six hundred and fifty delegates were present, including several negroes. Gen. Hiram U. or U. S. Grant was nominated on the first ballot as a candidate for the Presidency. The following nominations for Vice President were made, Ben. Wade, Senator Wilson, Gov. Fenton, Gov. Curtin, Senator Harlan, Senator Pomeroy, James Speed, Hannibal Hamlin, ex-Senator Creswell, and S. Colfax. On the fifth ballot Colfax was nominated. The Convention then passed a milk and water set of resolutions and adjourned. A singular and fatal disease is prevailing among the cattle in Illinois. The Fenians are preparing for another raid on Canada. It is expected to take place in June. Burlingame and suite have arrived in New York. The old and new School Presbyterians have united. Grant has been serenaded and made a speech accepting the nomination. Ditto Colfax. Adams' express was valued at \$40,000 on the Jeffersonville (O.) railroad, on the 22d. The Methodist Conference has concluded to allow the negro branch of that church to unite with them. Heavy frosts are reported in several of the Eastern States. Senator Pomeroy who voted to convict the President, has been charged with receiving a bribe for his vote. An investigation will be held. Butler and Stevens threaten to introduce new articles of impeachment, but they will wait until the new Southern Senators are admitted so that they will be sure of a conviction by the Senate. The present articles will be withdrawn. A thousand volunteers for the papal army are to be raised in the United States. The attempted assassination of Prince Alfred was executed in Australia on the 23d ult. The English army in Abyssinia will soon embark for home. The campaign was a success. The Cretans have beaten the Turks in several hard fought engagements.

STATE NEWS SUMMARY.

Chrystal Peak is fast being abandoned the population are going with a rush to the new town of Reno. A Mrs. Nelson died in S. F. on the 20th from the effect of taking a dose of caustic potash administered by mistake. The nomination of Grant and Colfax fell upon the radicals of San Francisco like a wet blanket. H. Sullivan has sued the Central Pacific company for \$5,000 damages for killing his son, aged five years. An abortion case is being investigated in S. F. The new Alhambra Theatre on Bush st., has been opened. A little boy named Langan, was run over and killed by a street car in S. F. on the 21st. The Fay party delegates were refused admittance in the National Convention. Yolo county voted "nay" on the R. R. question. The Oakland real estate bubble has burst. A large number of the citizens of S. F. have gone to the Sandwich Islands to witness the eruption of Manna Loa. The grain crop in the lower valleys will be unusually large. The jury in the Swaney-Scate case were unable to agree; they stood seven for conviction and five for acquittal. Rasey Biven late editor of the Monterey Democrat, died on the 21st. Seven hundred men are at work upon the Western Pacific R. R. W. E. Falker committed suicide in S. F. on the 23d. Parson Cox, the reported "bar-keep" on the Alabama, spoke his piece at a radical meeting in S. F. a few days since. Mining stocks are low, very low. Gold in N. Y. on the 25th was 140. Greenducks in S. F. 71 1/2¢, cents, wheat \$2.20, barley \$1.75, oats \$2.40. Gen. Bidwell and wife have arrived at Chicago. The Oroville Guards have been mustered out of service. The funeral of the late Senator McDougal took place in San Francisco on the 24th of May. "Six-toed Pete," a well known darkey of Oroville, was shot on the 21st near Stringtown. Supposed not fatally. Elder Knapp is trying to convert the sinners in the Capital City. Sixteen vessels have left S. F. within the last month to engage in cod fishing on the northern coast. Lott will doubtless win the County Judgeship of Butte. The case is on trial. The merchants of S. F. have formed an association for mutual protection to contest the release of fraudulent bankrupts under the National Bankrupt Act. The Association embraces all the leading merchants in the city.

OFFICERS OF THE CLUB.
President, S. T. Brewster; Vice Presidents, John Conly, M. Trainor, Jas. Haworth, John W. Tompison, John Boggs, Col. E. J. Lewis, W. T. Sexton; Steward, B. W. Barnes; Secretary, J. St. C. Wilson; Treasurer, A. H. Crew.

STUCK IN A NEW GAME.—When Hiram U. Grant was about twenty years of age he went with his father to St. Louis on a visit. In his rambles around the city, sight seeing and reading the signs, he encountered a man with a hand organ covered with green cloth; the man began to turn and Hiram put down a quarter which the other immediately took up. Down went another, which shared the same fate, and then another. Hiram finding that his spending money given to him by his daddy, was getting low, turned to a by-stander and asked "Say, Mister, what sort of a game is this, anyhow?"

THE NOMINATIONS.—H-o-r-r-a-y for Hiram! H-o-r-r-a-y for Grant! H-o-r-r-a-y for S. Colfax!! By the assistance of the votes of nigger delegates from the "re-constructed States" Grant secured the nomination as the radical Republican candidate for the Presidency and Colfax for the Vice Presidency. The news of the nominations has created a great amount of enthusiasm in the radical party—a funeral procession could not have created more. The agony is over, and Grant, the wise politician, eminent statesman, profound scholar, vigorous horse-talker, persistent smoker, and habitual d-temperate man, has received the nomination. He wants to be the next President and we expect he will be—provided he gets votes enough. The ticket suits us, we were afraid that the convention might nominate Gov. Fenton of N. Y., for Vice President, but instead, they have nominated a weak, a very weak man in every particular—Colfax of Indiana. 'Tis well, the Democratic candidates, whoever they may be, are now certain of being elected.

GRANT AND THE PLATFORM.—The second plank in the Radical Republican Platform, reads thus:

"The guarantee by Congress of equal suffrage to the loyal men in the South was demanded by every consideration of public safety, gratitude and justice, and must be maintained, while the question of suffrage in all the loyal States properly belongs to the people of those States."

In every State where the question of Negro suffrage has been submitted to the people it has been defeated by immense majorities, hence, the leaders of the radical party have pretended to drop for the present, that issue, but the "policy dodge" will not win in this instance. Gen. Grant has accepted the nomination as a candidate for the Presidency and has endorsed the platform. The S. F. Dispatch of April 18th, in referring to his position on negro suffrage, says:

It is notorious, that Mr. Lincoln was opposed to letting negroes vote, and it is equally notorious that both Grant and Sherman agreed with him.

Senator Doolittle in a speech at Norwich, Connecticut, on the 13th of March, said:

"If negro suffrage is forced upon the South, it will be necessary to maintain an army there to prevent the outbreak of a war of races, such as would sicken and appal the world. They cannot live together as several and political equals. Jefferson says so. All the generals of our army say so. Gen. Grant, before he became a candidate for the Presidency, said so. He authorized me to say that if Congress insisted upon negro suffrage as a condition of the Southern States being admitted to the Union, there would be a war of races, unless a standing army was kept there perpetually. Gen. Sherman authorized me to say the same thing, and when I made the statement in the Senate, he nodded his assent."

The most singular change in political tergiversation is, that Gen. Grant, to secure the Radical nomination, has not only abandoned the policy of Mr. Lincoln, which he is said to have suggested, but is supporting negro suffrage, which he declared would produce a war of races at the South. This course of conduct, together with his duplicity with President Johnson, cannot fail to damn him with the dispassionate and honorable men of all parties.

LOCAL ITEMS.

FOR SALE.—An Oregon mare, with foal by Riddleman.

LOOKS WELL.—The new fence around the Masonic Lodge and lot, is a great improvement.

FROST.—There was a heavy frost in Indian Valley on the night of the 26th, to the ruin of early vegetables.

WANTED.—A situation in a Boarding House, Ranch, or elsewhere, by a man and wife. Apply at this office.

GONE EAST.—Capt. N. C. Cunningham went East on the Oregonian last week, on business. He will return in August.

EXPRESS CHANGE.—Wood & Co. have sold out their Express line from Susanville to Oroville to Wells, Fargo & Co.

NEW GOODS.—Bransford at the Crescent Mills, and Holthouse & Whitlock have received new goods from below, per pack train.

RESTORED.—Gov. Haight has restored to citizenship, Joseph Coffin, who was sent to San Quentin from Mendocino county, on a charge of grand larceny.

FALLING.—We notice by our exchanges that the price of wheat has taken a sudden fall all over the State, in consequence of the heavy yield of the crop to be harvested this season.

"POOR LO."—The people of Long Valley, Lassen county, have caused all Indians of whatever description to emigrate from among them. No Indian is now allowed under any pretext whatever to come into that county.

FOUR.—Wells, Fargo & Co. have established but four new express agencies in this county, viz: Spanish Ranch, Thompson & Kellogg, Agents; Quincy, A. P. Moore, Agent; Taylorville, James W. Whitlock, Agent; Round Valley, J. D. Compton, Agent.

FOR THE PUBLIC GOOD.—The old wooden pipe which for years past has supplied the public water tank, having become useless, Mr. Houck of the Exchange, with a public spirit which is commendable, is having new boxes laid the entire distance from the creek to the tank, about 900 feet.

SPIKE.—There is not a particle of doubt but that certain parties in this county would prefer to see the Central Pacific secure the franchise over the Feather River route and "blockade" it so far as the building of a railroad is concerned, to having the O. & V. C. R. R. Co. hold the franchise and build the road without its costing the County of Plumas a dollar.

BEAR.—On Friday morning last, Mr. Knowles discovered a large sized bear in the woods just back of town. "Billy" was not hunting bear just then, but came to town and procured a rifle, and in company with a couple of our citizens "went after it." In the mean time however, the bear had had a hasty retreat, and the hunters after tracking it for some distance, were obliged to give up the chase.

FIRE.—The building on the North Fork, occupied by Mr. Gansner as a dwelling and brewery, came very near being destroyed by fire one day this week. The men were all absent at the time, and the fire was discovered by Mr. G's wife, who with the assistance of another lady, succeeded in extinguishing the fire before any damage more than the burning of about eight feet square of the roof was done.

THE NOMINATIONS.—The news of the nomination of a candidate for President of the Republic of Liberia could not have caused less enthusiasm among the National Union Radical Republican party in this county, than did the news of the nomination of Grant and Colfax by the National Convention. What's the matter with the radicals? We fear they are badly demoralized. Well, we don't blame them much, they know their defeat is certain, hence, they cannot go into the fight with any great amount of enthusiasm.

SUPERVISORS ELECTION.—It will be the duty of the Clerk to order an election for Supervisor for each District in the county, to fill vacancies now existing. The law makes it his duty so to do, but the law will have to be construed very liberally indeed to allow him or any one else to canvass the votes and declare the result of the election. It is a question, whether any person under the present state of facts, has any right to open the returns and canvass the votes. As a matter of necessity it may be held that such action would be legal and binding. The opinion of the Attorney General should be procured on the subject before the election is held.

ROBBERY NEAR WYANDOTTE.—A most daring robbery occurred on the road between the Miners' Ranch and Wyandotte, and near the latter place on Saturday last. The victim, whose name we have not learned, was on his way from Plumas county to visit his sick mother, living on Bear river. He was met by two men, who marched him a short distance from the road, and relieved him of \$95, all the money he had, and when he informed them of his mission, they returned him five dollars, remarking that they had further to go than he had and had no money at all. The robbery occurred near Stevenson's place. The victim hastened on to Wyandotte and related his story, when many of the citizens started in pursuit of the robbers, but were unable to trace them.—Butte Record, May 23d.

The gentleman above referred to, was Mr. John Hutchinson, of Mohaw Valley. Mr. H. arrived in town on his way home, accompanied by his mother, on Thursday last.

MASS MEETING.—After the resignation of the Supervisors had been made public, a call for a mass meeting to be held on Saturday evening last was circulated and signed by a large number of our citizens, for the purpose of getting an expression of the sentiment of the people on the railroad question. The meeting was called to order and upon motion James W. Deisler, Esq. was elected Chairman; W. W. Kellogg was appointed Secretary. The chairman having stated the object of the meeting, a motion was made and carried, authorizing the chairman to appoint a committee to wait upon certain gentlemen connected with the O. & V. C. R. R. Co., and request them to address the meeting. The Chair appointed J. B. McGee, W. S. Dean and J. A. Jacobs, as such committee. The following committee on resolutions was also appointed: J. M. Thompson, E. T. Hogan, I. A. Wheeler, J. W. Thompson and W. S. Dean. In accordance with the request of the committee, Creed Haymond and J. D. Goodwin addressed the meeting at some length; L. C. Charles and Judge Hogan, J. B. McGee, J. A. Jacobs and several others also addressed the meeting and discussed the resolutions presented by the committee. The preamble to the resolutions which contained what was considered a censure upon the action of the late Supervisors, and also the following paragraph, viz: "Whereas, We understand the said [R. R.] Company have manifested a willingness to act fairly with the County and thus divest the said act of its obnoxious features by which the tax payers of the County would be protected and the construction of the Railroad guaranteed," etc., was stricken out and the resolutions adopted. The resolutions read as follows:

Resolved, That we urge the Oroville and Virginia City Railroad Company, not to abandon their great enterprise or dispose of their franchise to the detriment of this county, and, notwithstanding the adverse action of the Board of Supervisors, we pledge to the company the faith of the county so far as it lies in our power, that it will second them in every effort to build the road, which would not be incompatible with the best interests of Plumas county.

Resolved, That the proposed permanent disorganization of Plumas county is dangerous and unnecessary, and that we are in favor of a Mass Convention of all citizens favorable to the construction of said railroad, irrespective of party, being held at this place, with the view of nominating candidates for the office of Supervisor.

Resolved, That however the record stands, or whatever representations may be made by parties hostile to the proposed Railroad, the people of Plumas county are in favor of a railroad through Beckworth Pass, and will strengthen at every sacrifice, the arms of those raised in behalf of the enterprise.

Resolved, That a committee of five be appointed to carry out the purposes of this meeting, and that all citizens of Plumas county in favor of railroads be requested to participate with us in our efforts to secure to the county the speedy construction of a railroad.

Resolved, That a copy of these resolutions be transmitted to the President of the Railroad Company, and to the Plumas county papers, and their publication requested.

All of which is respectfully submitted.

J. M. THOMPSON, Chairman.

In accordance with the request contained in the 4th resolution, the Chairman appointed the following as the committee to call a mass meeting for the purpose of nominating candidates for the office of Supervisor in the different districts: W. H. Miller, of Carriboo; James M. Thompson, of Mammoth Mills; B. W. Barnes, of La Porte; C. Laurman, of Indian Valley; J. E. Edwards, of Quincy.

How Much?—Will the County be forced to pay for legal services and opinions on the bond act? If so, how much, and to whom? If the Supervisors had not blindly accepted the advice of the clique, they would have learned that they need neither have resigned, paid one dollar for legal counsel or issued the bonds without they were perfectly willing to do so. With the order for the Supervisors unrevoked the District Attorney can now go on and carry on a suit against the Company, employ all the legal assistance he may deem necessary, and the county is pledged to pay them. Nice arrangement! Isn't it? It's all "turkey" on one side and all "crow" on the other. Wonder if legal advice costs much now a days.

THE SUPERVISORS.—Had the Supervisors met in accordance with their agreement, and had then concluded that no legal compromise could have been effected with the R. R. Company, and had refused to issue the bonds upon the grounds that it was not in their opinion for the interest for the county so to do, and rather than to issue them they would have resigned, we are positively assured that the R. R. Company would have pledged the Supervisors—the same as they now have the people—that they would take no steps to force the county to issue the bonds, but would have made the same arrangement and taken the same course as is now being taken by them. No one can deny that the Company have not the power to refuse to allow the County to subscribe for the stock, hence, there is no question in regard to the legal right to make that compromise consequently, had the Supervisors kept faith with the company, they would have been convinced that there was no necessity of resigning and putting the county to several thousand dollars unnecessary expense. As we have before stated, so far as we are personally concerned, we are glad that they have resigned. No matter who is elected, we believe that an improvement will be made on at least two members, but we hope that the *tax payers* will take some interest in the nomination of the candidates and secure the election of men fitted for the position; men who will not allow their partisan prejudices to influence their action as sworn officers, and who will conduct the affairs of the county honestly, economically and for the best interests of the people irrespective of party.

VERY NICE.—The amount of "pap" which the "baby" will receive from the county for publishing the election proclamations, printing the poll lists, blanks, etc., for the Supervisors' election will no doubt be very palatable to it. Of course we do not wish to be understood to insinuate for one moment that any person or number of persons were in the least interested in having the Supervisors resign on pecuniary grounds, it was all for the purpose of keeping the county from being swindled by the O. & V. C. R. R. Company—to be sure it was—and any one who has the barefaced impudence to even hint that it was otherwise should be denounced as a liar, a thief, a scoundrel, a robber and a murderer. Yea, verily, and so they should.

The Quincy Union.

The following affecting obituary notice appeared recently in a German paper: "My husband is no more. He did not wish to live longer, and if he had, it would make no difference, for gout entered his stomach and was soon followed by death. I shall marry the doctor who so kindly attended my late husband; I learned then to trust him. Soft rest the ashes of the departed one, whose whole-sale liquor business I shall continue at the old stand. MARY SCHLEMM."

There is a new edition of the Scriptures, termed the Chicago Bible. Its characteristic feature is an improved family record, suited to the growing wants of the West. In addition of the pages ordinarily devoted to births, marriages and deaths, several leaves will be devoted to divorces.

A dilapidated old darky in Montgomery, while watching the monkeys in a menagerie in that city, exclaimed thusly: "Dem chills got too much sence to come outen dat cage; white folks cut dar tails off and set 'em to votin' an makin' constietions."

One and a half tons of maple sugar were made at Enfield, N. H., from an orchard of 600 trees, in eight days, this Spring.

DEMOCRATIC STATE PLATFORM.

The following resolutions were passed at the last Democratic State Convention:

Resolved, That the expediency resorted to by the radicals in Congress for the purpose of perfecting their despotic power as such as to threaten the perpetuity of the Government itself, and therefore is the duty of good citizens to disregard minor considerations and local issues, and join in one grand effort to preserve the legacy left to us by our fathers, to restore the industry of the country to its normal condition and relieve our people from oppressive burdens.

Resolved, That the unanimous declaration of Congress, made on the 4th day of July, 1861, that "the war is waged by the Government of the United States, not in the spirit of conquest or subjugation, or for the purpose of overthrowing or interfering with the rights and Constitution of States, but to defend and maintain the supremacy of the Constitution and to preserve the Union with all the dignity, equality and rights of the several States unimpaired," has been practically falsified by the action and power of the Government and been perverted to schemes of ambition and revenge.

Resolved, That the impeachment of the President of the United States by the radical Congress, composed of those who advocated the war to that high position, on the most frivolous charges, is only an additional evidence of that party's violence, not actuated by any solicitude for the public welfare, and must tend to make the United States ridiculous in the eyes of all civilized nations.

Resolved, That Henry H. Haight, in all the elements of honesty and patriotism, devoted to the best interests of the whole country, in elevated statesmanship and unwavering opposition to the disorganizing and destroying faction now threatening the permanency of constitutional government, stands pre-eminent among the guardians of the nation.

Resolved, That it is not only the patriotic duty, but the deliberate purpose of the Democratic party never to submit to be governed by negroes, nor by those claiming to be governed by negroes, and that we do earnestly recommend the adoption of this resolution by the National Convention of the Democratic party which shall assemble in July next.

Resolved, That the night-hour system of labor is a Democratic measure and ought to be made a national principle—making eight hours a legal day's work on all public works in the United States, and that our delegates to the National Convention are requested to use their endeavors to insert this declaration in the national platform.

FLORENCE SEWING MACHINE.

CLEAN SWEEP OF THE PREMIUMS IN 1867.

GOLD MEDAL AT AMERICAN INSTITUTE FAIR, NEW YORK;
GOLD MEDAL AT FAIR OF THE MECHANICS' ASSOCIATION OF LOWELL, MASS;
GOLD MEDAL AT MARYLAND INSTITUTE FAIR, BALTIMORE;
FIRST PREMIUM AT NEW ENGLAND AGT FAIR, PROVIDENCE;
AND AT THE NEW YORK STATE FAIR, BUFFALO.

THE FLORENCE WAS AWARDED

A Silver Medal at the Paris Exposition. Silver Medal being the highest Family Sewing Machine. The Gold Medal was awarded to the Florence Sewing Machine, and the other to the original inventor of Sewing Machines.

Report of the Judges at the Great American Institute Fair, New York City, 1867.

The whole number of Sewing Machines on exhibition is thirteen; of these twelve are ordered by competition. The article bearing the number 100 (the Florence Sewing Machine) is distinguished by the fact that it is better than any other in class shown to the judges. It is the best of its kind, and is the only one that is better than any other in class shown to the judges. It is the best of its kind, and is the only one that is better than any other in class shown to the judges.

First—Good material and thorough workmanship. Second—The Florence Sewing Machine is the most improved in the world. Third—The Florence Sewing Machine is the most improved in the world. Fourth—The Florence Sewing Machine is the most improved in the world.

At the numerous Fairs held in this country since the year 1860, this machine has won every First Premium classed by the judges. It is the best of its kind, and is the only one that is better than any other in class shown to the judges.

The Committee on Family Sewing Machines. At the numerous Fairs held in this country since the year 1860, this machine has won every First Premium classed by the judges. It is the best of its kind, and is the only one that is better than any other in class shown to the judges.

THE WILLCOX & GIBBS SEWING MACHINES.

Have taken over Two Hundred First Premiums within two seasons, including the Highest Prize at the Grand Trial.

At the great Union Fair, New York, at which trial the Florence was overwhelmingly defeated.

Judges Report.

For the Willcox & Gibbs Machine, thirty-five distinct claims were made for its superiority. All of which were sustained. Whereas the Florence machine but ten were presented. Two of which were sustained. After a thorough and impartial trial, your Committee have decided to award to the Willcox & Gibbs Machine the first premium.

SYDNEY D. TUCKER, J. C. CHAMPELNEY, JOSEPH WHEELOCK, Judges.

COMMODITY HOTEL, SAN FRANCISCO, AUGUST, 1867.

AGENTS WILLCOX & GIBBS SEWING MACHINES.

I have used the Willcox & Gibbs Sewing Machine for three years; have also used several other first class Machines, but think the Willcox & Gibbs far superior to any of them. In the different families of our family we have five of these Machines which attest our appreciation of its extraordinary merits.

FIRST PREMIUM GOLD MEDALS AWARDED TO WHEELER & WILSON FAMILY SEWING MACHINE.

Over 92 Competitors AT THE GREAT PARIS EXPOSITION.

Being the highest honors and all the Gold Medals awarded to any Sewing Machine Co. at this Exposition.

As a Holiday Present nothing will be more appreciated than one of these Machines.

America, England and France now unite in this great Proclamation.

Good news! good news the cable brings, O'er all the wires it flies, Wheeler & Wilson's sewing machine Brings back the golden prize.

Our "Uncle Sam" first struck the note, "John Bull" then caught the sound; Now comes from France the echo back, Wheeler & Wilson's crowned.

And now, no more the people doubt, So long it stood the test—The thing is fairly noted abroad, And they will buy the best.

W. M. STODARD, AGENT, Corner Sacramento and Montgomery Sts., San Francisco.

THE GREAT PRIZE! THE ONLY GRAND CROSS OF THE LEGION OF HONOR AND GOLD MEDAL.

AWARDED TO AMERICAN SEWING MACHINES at the Paris Exposition of 1867 was given to us, as per Imperial decree published in the Moniteur Universel, (Official Journal of the French Empire, Tuesday, July 2, 1867.
